## The Calendar for Gentile Kings

The First Day of **Tishri** is Rosh HaShanah for the following five matters<sup>1</sup>:

1. **For Gentile Kings** - They count their reigns from the First of Tishri, such that even if a King began his reign at the end of [Elul](#), once Tishri began, it would be considered as the Second Year of his reign.
2. **The [Shmita cycle](#) and the [yovel cycle](#) begin** – With the beginning of the month of Tishri in a Shmita or yovel year, it is forbidden by the Torah to plow or plant in the land of Israel.
3. **Years<sup>2</sup>** – The first of Tishri is regarded as the new year for counting years.
4. **For Planting Trees** – The produce of fruit trees is forbidden as orlah for the first three years after the tree is planted. If a tree is planted more than forty-four days before the first of tishri, then the first of Tishri marks the beginning of the second year of the tree's life.
5. **For Produce** – The first of Tishri is regarded as the beginning of the year as regards the separation of Terumot and Ma'asrot from produce.
